Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for Recycling Infrastructure for Central Wisconsin in fiscal year 2024. The entity to receive funding for this project is Portage County Solid Waste, located at 600 Moore Road, Plover, WI 54467.

The funding would be used for sorting equipment to create a hub and spoke recycling infrastructure which will optimize and innovate materials management in central Wisconsin. The project is an appropriate use of taxpayer funds because it will remove the financial burden of transferring recyclable for processing by funding the purchase and installation of sorting equipment for Portage County's Material Recovery Facility.

The project has a federal nexus because the funding provided is for purposes authorized by 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "D. Van Orden". The signature is written in a cursive style with a large, stylized "D" and "V".
